### Presidents Report

#### Report for the Annual General Meeting

Welcome to the Annual General Meeting. It is lovely to see everybody tonight and we hope you have an enjoyable night.

It's been eight years now since I was first elected as President of the John Oxley District Orchid Society Inc. and I would like to thank the members for their confidence in me and the support they have given throughout the year, for which I am extremely grateful. Things have been very different with CO-VID and we missed the committee meeting since we were in lockdown. We only decided at the last minute to have a meeting. That is why this report has just been quickly done.

The committee is deciding whether we will have an Orchid Show this year. Times are so uncertain it is hard to know what is happening from day to day. We need input from all members and would love to hear from you. If the show goes ahead we will have to follow strict guidelines for CO-VID but as some of you are already

aware Ipswich Orchid Society had an extremely successful show with orchid sales through the roof. Please consider what you think and let us know.

Tonight, we will be handing out our emblem for JODOS, the *Den. affine* which was originally to be handed out last year. If you look closely some of them are in spike and some are even ready to flower.

A reminder to members that plants may be sold at monthly meetings with no commission charged. Thank you again for a great year. A reminder too that our beautiful website created by Jennifer Radford can be viewed at your leisure with great blogs and articles which answer many of the questions growers have. Thank you to those people who are regularly inputting into the site. Have a great night and year.

Thanks

Michael Byrnes

**Editor's Notes from our Guest Speaker:**

With the fiftieth anniversary celebration of the founding of the society due to be celebrated in 2020, Natalie Donsky undertook the mammoth task of perusing all of the society records and having a presentation of the history of the society at the celebration. COVID came and we had no meetings and are not having a dinner. Natalie gave her presentation on the history of John Oxley Orchid Society at the March meeting; well that probably should be as much of the history that can be reconstructed from the records. Sadly, I cannot present that history. It is hoped that the presentation will be made available in some form. A huge thank you from everyone to Natalie for her labour of love that is greatly appreciated!
