#### **REPORT FOR SEPTEMBER**

This month would have been our bus trip preparations. Unfortunately, like so many other things covid has stopped it. Even the FOUREX brewery has stopped their personal tours. We can't even go there.

The auction was a great success and a big thank you to John Rutter for taking over in my absence. I was looking forward to buying some beautiful orchids – oh well maybe next year. Hopefully next year's show will showcase some of these beautiful specimens and they will proudly be exhibited on the show benches. That has been our plan, to enhance people's growing orchid house.

It has been discussed in the committee at early stages – looking at having a one-day orchid sale at a venue to be announced and publicising the event to the public. As you are aware the opportunities to make our small fortunes have not been as forthcoming as they were in the past and it was proposed that if we had just sales that the society would have another opportunity to build the finances and members would have another opportunity to sell some orchids to make room for the new ones.

Also, I am having health issues and would like to announce that I will be resigning before the AGM next year ready for someone else to take over. Thank you to those who have supported me in the past nine years. It has been an honour and a privilege to lead Queensland's most successful orchid society.

Tonight, our guest speaker is Robert Reitano who will be speaking on Growing Hard Cane Dendrobiums in SE Qld, focusing on Spatulata Phalaenathe and Latouria. Thank you to Robert for his presentation. Hope everyone has a great night and we look forward to a busy end of year. Thank you to the committee who just keep coming up with great ideas.

Thanks

Michael Byrnes
